CURRICULUM VITAE

SUMMARY

As a civil servant belonging to 8th Batch of BCS (Administration) Cadre, I had the opportunity to serve for about 34 years being assigned to diverse responsibilities enabling me to acquire enormous and varying experiences. Acquired experiences include administrative, financial and land management, management of human resources, formulation of climate policy and climate action plan, planning and preparation of Development Projects, complying Public Procurement Administration, monitoring and supervision during implementation of development projects, performance appraisal, budget ascertainment, approval and spending, Negotiation Skill and developing cooperation and partnership with important stakeholders. I have academic blend of Engineering and Development Studies. I completed all in - service compulsory trainings and additionally participated in other optional trainings held at home and abroad to acquire requisite knowledge and skill with the ultimate aim to serve befittingly.

After my retirement from government service, I opt to serve further with the following objectives-

- To improve and strengthen the status of governance scenarios in providing services to all walks of people with particular focus on the poor and underprivileged and establish good culture, norms and discipline.
- To perform responsibilities with expected efficiency in order to achieve goals of the organization I will be entrusted with.
- To ensure better collaboration and communication with relevant stakeholders in order to contribute for consistent improvement of climatic situations, WASH (Water Sanitation and Hygiene) poverty alleviation and foster economic prosperity of the country.
